

AALIYAH SKYERS

Graphic Designer

Aaliyah Skyers

About

I am a second year graphic design student with good skills in critical thinking, problem solving, creativity, and collaboration. I eagerly anticipate applying these versatile skills in a practical setting that allows me to contribute to graphic design and make a meaningful impact.

Skills

Communication:

Has the ability to effectively communicate an idea or concept for a design or project.

Adobe Softwares:

Skilled in using Adobe Illustrator, Adobe InDesign, and Adobe Photoshop to create visually striking designs.

Research:

Highly experienced in conducting extensive research from a variety of reliable sources to achieve project objectives.

Creativity:

Possesses strong creative skills, original thinking, demonstrated through successful project execution.

Collaboration:

Has the ability to work well with diverse teams and facilitate open communication to achieve goals.

Time Management:

Proficient in meeting deadlines and prioritize tasks efficiently.

Project Work:

Marketing Business Project

Bug FoodTruck Project

- Collaborated with other classmates to successfully create a design that is visually appealing and eye catching for a bug food truck.
- Provided creative and useful ideas for a unique insect-inspired branding project.
- Designed a eye-catching logo and created a visually appealing bug food truck to attract customers to the brand.

Editorial Re-design Project

Vogue Magazine November 2023 Issue

- Used effective creativity and critical thinking to develop a new design direction for the print magazine and website.
- Worked with large bodies of text and achieved successful layouts with typographic rules.

Design and Layout Project

Book Design and Layout Project

- Used unique layout technique to create a visually appealing book design.
